- Friday 12:40 - 17:00

Description

Technetis is an ICT start-up company from Banja Luka, Bosnia and Herzegovina. Technetis, founded in 2015, employs a team of professional and responsible young people who attend to IT technologies, graphic design, and creation of websites and presentations. Our policy is honoring deadlines and delivering quality service, while being respectful to our clients. Our vision for the next several years is to reach the top of the IT sector not only in Bosnia and Herzegovina but also the region, as well as to notably instigate the improvement of IT technology regarding both business and education.
